Hanover Dublin is proud to say that this past year has been our most successful year to date. It is fantastic to see that the majority of our growth in the past year has from client expansions or referrals and this is thanks to the great work of our brilliant team.

We have worked at the forefront of Covid-19 access, transformed the way transport works in Ireland and solved complex regulatory challenges across Europe. Our team has worked tirelessly to deliver client objectives, all while successfully adapting to virtual and hybrid ways of working.

We would like to extend our thanks to our clients for their support since Hanover's establishment and we look forward to continuing to take on challenges and find creative solutions to fulfil our clients' ambitions.

Citation

"Hanover delivered exceptional growth and strong profitability and had quickly established itself as a significant consultancy with a strong commitment to staff development, education and training."
